SUMMARY

As a seasoned Full Stack Developer with 13+ years of experience, I've honed my skills in crafting professional-grade web and mobile applications. I bring a proven track record of successfully designing, developing, and deploying applications. With a deep understanding of the latest technologies and a knack for problem-solving, I'm ready to take on new challenges and continue to add value to organizations.

WORK EXPERIENCE

HCL Technologies, Technical Specialist   Nov 2016 - present

– Currently working as an engineer on the Cisco Intersight project, where I serve as a Technical Lead on the UI Team.
– As a member of the UI team, I collaborate with the rest of the team to implement a solid and consistent User Interface using WebComponents.

Tychons LLC, Manager Information Technology   Jun 2013 - Nov 2016

– Worked as a Technical Manager, leading multiple ecommerce web and mobile projects for customers to transition their businesses online.
– Converted legacy product catalogs into public endpoints and integrated them with existing warehouse systems

RSalesArm, Web and Mobile Application Developer   May 2012 - May 2013

– Developed anytime-available (online and offline) hybrid mobile applications for CRM applications.
– Engineered middlewares to efficiently expose CRM endpoints and access secured information.
– Advocated for the mobile apps to users, provided training, and offered Long-Term Support (LTS).

Innospire Systems, Software Developer   May 2010 - May 2012

– Worked on rich internet applications using Microsoft Silverlight.
– Developed hybrid mobile applications to support the developed web applications.

EDUCATION

2006 - 2010   B.Tech at **Anna University**   (Percentage: 78)
